

"Our kids deserve the best education we can provide...but how can we afford it"?

"Technology is advancing at break-neck speed...how do we keep from falling behind"?

"State & federal mandates are growing, but funding is eroding... how do we keep up"?

"How can we provide a high quality education to our children within the constraint of a tax-capped budget"?

The Rochester School District Foundation is a local not-for-profit corporation that is tax-exempt as a charitable educational organization under Section 501(c)(3) of the Internal Revenue Code. Contributions to the RSDF are fully tax deductible.

ROCHESTER SCHOOL DISTRICT FOUNDATION

A public school foundation is designed to augment, supplement, or complement programs and activities currently being provided by the district.

The **Rochester School District Foundation (RSDF)** is a group of concerned education, community and business leaders dedicated to supporting and addressing student, staff and district needs as well as to building long term funding stability through gifts and endowments. **RSDF** is committed to the conscientious stewardship of each and every gift. Through grant programs for our teachers, and even for some of our students, funds collected from those who are in a position to help are directed back to the schools for the benefit of all of our students.

Partnerships between the community and the schools are essential to providing for the needs of our students and staff. Businesses, community organizations and individuals right here in Rochester who are in the position to donate their time, talent or financial assistance are as essential to the success of our students and schools as are the staff, administration and school board.

RSDF is committed to maintaining a high quality of schooling in today's tight-money climate. In these days of state and federally mandated programs, with reduced funding to support those programs, private funding of public schools allows more decision-making to be done at the local level.

*Good Schools make Good Communities,
and Good Communities create Good Schools.
